

Hewei Tang

Champaign, Illinois, 61820 | 217-979-6159 | heweit2@illinois.edu

EDUCATION

University of Illinois at Urbana-Champaign

Bachelor of Liberal Arts & Sciences in Mathematics and Computer Science

Dean's List Spring 2022

May 2025

GPA:3.74/ 4.0

WORK EXPERIENCE

Changsha Weier Software Technology Co Ltd

Python Engineering Developer

Changsha, China

June 2024-August 2024

- Led the evaluation and deployment of PaddleOCR to improve text recognition accuracy and system stability
- Optimized PaddleOCR workflow, enhancing document handling, table formatting, and image processing
- Developed parallel processing scripts, increasing PDF parsing speed by 4 times, improving efficiency and reducing resource usage

Guangdong Yichen Information Technology Co Ltd

Java Engineering Developer

Guangzhou, China

June 2023-August 2023

- Developed a scientific research management website using Java Spring, aligning with company standards
- Implemented a text extraction feature using Elasticsearch, improving information processing efficiency
- Created a feature for finding similar images using Elasticsearch, enhancing image similarity detection

RESEARCH EXPERIENCE

Coconut Library Tool

Research Assistant

Champaign, IL

January 2024-May 2024

- Implemented a Python-based burst detection feature to analyze high-frequency words in time-series data
- Utilized Kleinberg's algorithms to enhance detection of surges in data pattern
- Integrated Dimensions database into the Coconut application, improving data analysis depth and user experience

PROJECT EXPERIENCE

Electronic Calendar

Team Leader

Champaign, IL

January 2024-May 2024

- Led the design and development of an electronic calendar project for college students, integrating multiple education platforms
- Implemented key features such as data synchronization, event reminders, and user interaction across multiple platforms
- Utilized Python and JavaScript to ensure performance and security, collaborating in weekly team meetings for smooth project execution

CS 233 Computer Architecture

Course Assistant

Champaign, IL

January 2024 - Present

- Assisted 800+ students with more than 50 homework questions in Verilog and MIPS, facilitating their understanding of core concepts
- Enhanced lab content to improve interactivity and practical skills
- Analyzed students feedback and their course progress, contributing to teaching team meetings

Machine Project in C

Machine Project Manager

Champaign, IL

September 2024-December 2024

- Designed and implemented a fully functional Unix shell in C, supporting core shell features
- Optimized memory management and modularized components for better code clarity and maintenance
- Demonstrated proficiency in system-level programming with multithreading and inter-process communication

Non-Stop Networking

Machine Project Manager

Champaign, IL

September 2024-December 2024

- Developed a high-performance TCP server using epoll and robust I/O handling for client-server communication
- Applied advanced recovery mechanisms and synchronization principles in a Linux environment
- Gained expertise in event-driven programming, asynchronous I/O, and low-level socket programming

SKILLS

Technical: Java (Proficient), C++/C (Proficient), Python (Proficient), Excel (Basic), PowerPoint (Intermediate), Microsoft Word (Intermediate)

Languages: English (Fluent) and Mandarin (Native)

Hobbies: Dancing, Singing, Playing guitar and badminton
